

# B747-200

## Technical Specification

### Simulator Identification:

Reference Aircraft	F-GCBH (Cargo version)
Effectivity:	RD659
Engines	GE CF6-50E2
Simulator Manufacturer	Rediffusion
Computers	Encore EPOCH 90 (in replacement of 32/77) - 2CPU's linked with reflective memory. Encore 32/27 (Control Loading)
Motion	6 degrees of freedom
Visual manufacturer	Evans & Sutherland
Visual System	SP1 -4C / 6W
First Entry into Service	1987
Qualification Number	F- 121
Qualification Level:	Special Category
End Of Validity:	21/12/2008
Qualification Requirement:	JAR-STD 1A
